EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Eric Groen on September 13, 2004.

The application has been amended as follows:

Please replace claim 5 as follows:

5. (Currently Amended) The wrench of claim 2, wherein said angle of attachment of each of said tool heads is in said bend plane.

2. The following is an examiner's statement of reasons for allowance: The current invention pertains to a drum plug and faucet wrench. It is the examiner's opinion that the art of record considered as a whole, alone or in combination, neither anticipates nor renders obvious a wrench having an elongated body with an intermediate bend, the bend at an angle of about 140 degrees, an integral flange including a plurality of open end wrench heads, and tool heads attached to a respective end portion of the body at an angle of about 100 degrees relative to the end portion, together in combination with the rest of the limitations in the independent claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David B. Thomas whose telephone number is (703) 308-4250. The examiner can normally be reached on 7-4 M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Joseph J. Hail can be reached on (703) 308-2687. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
